

SR Scales®

“The Measure of Excellence”

Heavy Duty Scale
Model **SR**®V942

When you need a scale that is durable and heavy duty, consider the SRV942. While used primarily in stationary veterinary practices, this scale also has a wide range of application in the zoological field.

Constructed of stainless steel with a weighing capacity of 550 pounds, the SRV942 is extremely durable and provides consistent weight readings.

The rechargeable battery permits remote weighing when required. The SRV942 is equipped with a wall mount and power adaptor for stationary applications.

This scale is equipped with wheels and a fixed handle to allow for easy transport when required.

Whatever your weighing needs may be, **SR Scales**® is *“The measure of Excellence.”*

SR Scales®

“The Measure of Excellence”

In-Floor Scale Model SRV947IFS

The SRV947IFS is a flush mounted platform scale. This is a great alternative when floor space is at a premium. The flush surface eliminates tripping hazards and hallway accessibility issues.

The weighing surface is covered with a durable two part epoxy surface which provides years of maintenance-free service.

As a weighing station the scale will easily accommodate small and large animals. The large capacity allows pets to be easily weighed in kennels by taring out the kennel weight. The built-in surface ring makes cleaning underneath the scale a breeze.

Rugged and durable, this built to last scale comes with quality and reliability you've come to expect from SR Scales.

Weight Capacity - 400 Lbs. or 182 Kgs.

Always On - AC wall power means the scale is always on and ready to weigh

Auto-Hold - Scale will automatically lock in on weight above 1 Kilogram

Memory Recall - Recall the last stored weight
