Updated Product Information

Item #	Item Description
464422	Flexadin Young Dog Mini 90 us
464404	Flexadin Young Dog 90 us

For pets who need an upgrade in joint support check out our Flexadin Advanced with UC-II® line of products:

- Flexadin Advanced with UC-II®, the original formulation that's proven to be more effective than glucosamine and chondroitin*
- Flexadin Cat, which is the same formulation as Flexadin Advanced in a cat-friendly size and shape
- Flexadin Advanced with UC-II® Extra Strength, 80 mg of UC-II® in every chew for veterinary-exclusive, powerful joint support

* Based on a 120-day clinical study comparing 10 mg active Type II Collagen to 2,000 mg glucosamine and 1,600 mg chondroitin (D'Altilio et al, Toxicology Mechanisms and Methods, 2007).

Flexadin

Flexadin is a trademark of Vetoquinol USA. UC-II® and logo are trademarks of Lonza UC-II® undenatured type II collagen ingredient. FX+23-00002.01/24
